Mayor Dorn again called the City Council to order at the hour of 8:08 p.m. with all Council Members present.

214.5 **PUBLIC HEARING HELD – TO CONSIDER AN APPEAL TO THE PLANNING COMMISSION'S DENIAL OF SPECIAL USE PERMIT NO. 1008 (SP-1008) AT 517 WEST MANCHESTER BOULEVARD.** The City Clerk announced that the next scheduled matter is a public hearing to consider an appeal to the Planning Commission's denial of Special Use Permit No. 1008 (SP-1008) for a beauty salon at 517 West Manchester Boulevard, that notice of this hearing has been given in the time, form, and manner as required by law, the affidavit is on file, the complete file of the Planning Commission is present and no communication has been received.

Council Member Franklin left the Council Chambers at the hour of 8:09 p.m.

The City Administrator presented staff report dated February 14, 2006 submitting background information on the matter.

Mayor Dorn ordered the staff report dated February 14, 2006 received and filed.

Council Member Franklin returned to the Council Chambers at the hour of 8:11 p.m.

Sheldon Curry, Planning Manager, spoke concerning Special Use Permit No. 1008 to allow operation of a hair salon at 517 W. Manchester Boulevard in a C2-A zoned commercial property of 3,600+ square feet, of which 912 square feet is for a hair salon to operate from 8:00 a.m. to 6:00 p.m. Tuesday through Saturday. He commented that the applicant is currently operating the hair salon without City approval and there is a beauty salon across the street at 518 W. Manchester Boulevard which puts it within the 300 feet regulation which is why a Special Use Permit is required.

Mayor Dorn inquired if there were any persons present who wished to address the City Council on this matter.

Chris Jackson, Planning Consultant represented the hair salon, commented that there were three concerns regarding the hair salon: prostitution, parking, and over-concentration. He commented that his client has received a letter from the beauty salon across the street and they support the SUP. He further commented that the owner of the salon, Sandra Clayton, has been a licensed salon operator since 1969, has been in Inglewood since 1986, and she is a reliable professional.

Sandra Clayton, owner of the hair salon, requested Council reconsider their denial because it effects four other operators who work full time in her salon and it will put them out of business. She commented that there is a median in the street and she has support from the salon across the median.

Diane Sambrano spoke concerning Code Enforcement and where have they been if this business has been operating without a license since 1986.

Paul Russell commented that the Planning Commission makes their decisions based on existing laws and not on economics. He further commented that the SUP process is designed to give Council the right to make a decision taking into account all the factors involved.

No other persons wishing to address the City Council on this matter, Mayor Dorn declared the public comment section closed at the hour of 8:16 p.m.

Council Member Price commented that he supports any business that is in good standing and inquired what is the actual problem with granting the SUP.

Sheldon Curry commented that the salon has been operating for a year with a license and he is not aware of any evidence that they have been operating since 1986.

Sandra Clayton commented that her first salon was on Manchester at Prairie and then she moved to Centinela and Imperial. She further commented that when she returned to Inglewood, the beauty salon law had changed and she had not been informed.

Chris Jackson commented that the salon is in compliance and there is no parking problem.

Council Member Morales commented that the staff report states that there is not enough parking.

Sheldon Curry commented that the staff report is incorrect and they are in compliance with regard to parking regulations.

Council Member Morales commented on property violations including a garage on the property which is being used for storage and an illegal fence.

Sheldon Curry commented that Code Enforcement has cited them and once the garage is converted back to a garage, there will be no problems.

Council Member Franklin commented on the plethora of beauty salons and barber shops in the City and his main concern is that the landlord of the property, not the hair salon, is not in compliance with regard to parking, and illegal garage and fence. He further commented that he is concerned with saturation.

Council Member Price commented that it is unfair to blame the business owner for the shortcomings of the property owner.

Mayor Dorn commented that he frowns upon anyone who violates the law and they have been operating with a license for a year. He further commented that he will support the SUP if the property owner and the hair salon comply with all conditions.

Council Member Morales suggested that the item be brought back as soon as the conditions have been met.

The City Attorney commented that the problems cited are the responsibility of the property owner and not the tenant.

Council Member Morales commented that he would like to keep them operating while the problems are being corrected but he is concerned that it will send the wrong message to the public that it is OK to operate without a license and it is not OK to do that.

Mayor Dorn inquired of the consultant how much time is required to correct the problems.

The Consultant commented that the items could be corrected in 14 days.

Sheldon Curry commented that the property owner has to correct the problems regardless of the beauty salon's operation.

Mayor Dorn inquired of the City Attorney if they can tell the salon they may not operate until they come back to Council after the problems are corrected.

Council Member Morales commented that they cannot operate until they have the proper City permit.

The City Attorney commented that it is a feasible requirement.

Sheldon Curry commented about his concerns with the property owner versus the business owner.

Council Member Morales inquired how long they would have to wait to reapply if the SUP is not approved.

Sheldon Curry commented that they would have to wait for one year at the same location.

Council Member Franklin commented that the garage has to be converted back to a garage.

Sheldon Curry commented that if the garage is converted back, they will have enough parking.

Council Member Morales asked the Consultant to comment.

Chris Jackson, Consultant, commented that they will have to go back to the owner and require him to make the necessary corrections to the property but it is difficult to be held responsible for things that are out of their control.

Council Member Morales commented that he is open to approving the SUP if all the corrections are complied with in 14 days.

Mayor Dorn commented that the shop must be closed down for 14 days and this matter will be continued to February 28, 2006 at which time Council will re-evaluate the compliance with the conditions.

Sandra Clayton agreed to close the beauty salon for 14 days.

Council Member Dunlap inquired if the public hearing needs to be re-noticed.

The City Attorney commented that since it will be continued at the next Council meeting it does not need to be re-noticed.

Mayor Dorn ordered the matter continued to February 28, 2006 at 7:00 p.m.

134 **PUBLIC REMARKS**. Mayor Dorn inquired if there were any persons present who wished to address the City Council on any matter connected with City business not elsewhere considered on the agenda.

Michael Koper spoke concerning the possible tax increase and its impact on the City budget and public safety. He commented on efficient land use and inquired why the City spends an hour talking about a beauty salon in Inglewood but he can't get approval for a car dealership or auto mall which would be a very cost-effective use of land and bring in millions of dollars of tax revenue.

Willie Agee commented that he approves of the tax increase for public safety. He commented on the pan-handlers on Century that are having a detrimental effect on the success of the shopping center. He further commented on the defeat of the development on 90th Street.

Mayor Dorn left the Council Chambers at the hour of 8:57 p.m.

Paul Russell commented on the time when the City had car dealerships and they were in good financial shape. He further commented on the beauty salon operating for a year, and how is it that no one told her of the new requirements.

Roosevelt Douglas welcomed back Joseph Rouzan and commented on the increase in homicide rewards and the proposal for the tax increase for public safety.

Mayor Dorn returned to Council Chambers at the hour of 9:00 p.m.

Reynald Davis spoke concerning the increase in the homicide rewards and he wishes it could be more. He commented that former Council Member Hardeman is going to jail and the importance of Council being above reproach.

Johnny Ingraham spoke concerning his support for Mayor Dorn and the danger of making decisions based on fad and popularity. He commented on being careful about the kind of people who will be elected to this City to make sure there are no alcoholics, drug addicts or with major financial problems.

Diane Sambrano commented that she is not grieved when a Council Member has to go to jail when they have cost the community a lot of money, violated the trust of the people, or misrepresented their qualifications. She further commented that Council should read the staff reports and how many other businesses are out there operating without a permit yet they are bothering the community about the length of grass on someone's lawn.

Ethyl Austin commented on the date of the election in June and her support of Mayor Dorn, the Council Members, Joseph Rouzan and the City Treasurer.

Milton Brown spoke concerning the comments on Walmart and car dealerships, and he reminded the community that television brings in $1.7 to $1.8 million a year. He commented on some of the new technologies that are trying to bypass paying the licensing fees which will have a detrimental effect on the City revenue. He further commented on the importance of television as the communication media.

Frederick Davis spoke concerning the success of the Del Taco grand opening and commented that the Morningside High School band performed at the celebration. He thanked Del Taco for their generous contribution to the Morningside High School Band.

There being no further business to be presented, Mayor Dorn declared the meeting adjourned at the hour of 9:37 p.m.
