#### TREE TRIMMING SCHEDULE FOR AUGUST/ SEPTEMBER/OCTOBER 2008

The City is divided into four Councilmanic Districts and within each District are areas divided into three separate Grids. Grid 1 is located in the most easterly part of the District. Currently, crews begin trimming in Grid 1 and move westerly until all trees have been trimmed in Grid 1. Next, they will proceed to trim in Grids 2 and 3.

**Note: All special requests will be handled the last week of each month.**

A new tree trimming schedule was implemented in January 2008. This new schedule will allow for trees to be trimmed every three years. It will be followed as closely as possible. Changes may occur or deviations from the schedule may happen due to emergencies, hazardous situations, Mayor and Councilmanic/Administrative requests, or when equipment breakdowns occur. The new schedule also allows for special requests to be handled during the last week of each month.
